

Ceník nástaveb

Most of people using off-road pick-up trucks will after some time realize, that it's impossible to safely store luggage or cargo in car. The load on the bed is exposed to weather and thieves. If you put the luggage in cabin, it occupies a lot of space and makes a mess there, not to mention transport of pets and big cargo.

We offer you a practical, highly elegant and cheap solution! Choose from our offer of professional hardtops and you will solve all mentioned problems. Also it improves the look of your car.

Avenger Tono Cover

Simplest and also cheapest solid bed cover. This model will keep your car's classic look of pick-up with square bed.

The cover is available for Double Cab versions. We also offer you installation on your car.

Price €1342

Avenger Tono Sport

Technically simple, but sport-looking hardtop. This model will optically valorize your car and the pick-up will look like predestined for great holidays in nice countryside and rough terrain.

The model is available for Double Cab versions. We also offer you installation on your car.

Price €1688

Avenger Super Sport

This originally looking hardtop is fitted with dark smoke glass windows. It is the most robust model. Rear window is used for accessing cargo space. Clear glass window in front part allows driver to optically control the cargo during transportation, using rear mirror. This hardtop will change your pick-up to firmly determined looking vehicle.

Available only for Double Cab versions. We also offer you installation on your car.

Price €1919

Avenger XRT

The hardtop is equipped with side sliding windows. This opening is practical and allows even partial manipulation with cargo without the need to open back lockable window. The glass in these windows is tinted like back tilting window. There is also a clear glass on the front side, allowing optical control of cargo during transportation. This model is practical, but also nice and comfortable.

This model is available only for Double Cab versions. We also offer you installation on your car.

Price **€1688**

Avenger XTCC

The basic model of hardtop without side windows. It is equipped with tinted rounded window in back part, for opening of cargo space and also with clear window on the front side for optical control of cargo during transportation. The driver is able to watch the car's bed by looking into rear mirror. This model is the cheapest we offer. It is suitable for working purposes.

This model is available for Double Cab versions. We also offer you installation on your car.

Price **€1574**

Avenger XTC II

It's the most glassed-in model. Almost all surface of sides is made of smoke glass windows. In the back part are tilting windows, which allows effective ventilation of cargo space. Glass in side windows is tinted like back window used for opening hardtop. This model changes your pick-up in comfortably, sporty, and also swiftly looking vehicle.

This model is available only for Double Cab versions. We also offer you installation on your car.
